IMPORTANT UPDATES

UCAS Clearing!

Clearing is how UK universities **fill any places they still have on their undergraduate courses.**

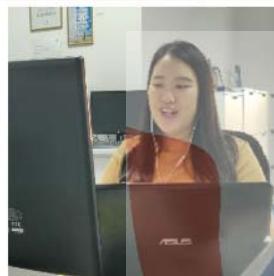

One of the impacts of Covid-19 is the changes to A-level, IBDP and other pre-U qualification assessments. This could affect students to different extent, resulting in them **receiving grades that are either lower or better than expected.** While we are expecting more students to come through Clearing to secure their place at a UK university this year, your students might be coming to you for advice on how to go about **UCAS Clearing.** We want to assure you that help is here! We would like to extend our prompt, personal and professional service to school teachers and your students to help them through **Clearing, Adjustment or direct university applications.**

Time is of the essence when it comes to UCAS Clearing. Here at UKEC, our service guarantees that:

- We will respond within the same business day.
- Students will have a personal advisor guiding them through the entire Clearing process.
- We will be providing post-application support, assisting your students with accommodation and visa application.

We are here to help.

Contact us today to support your students for UCAS Clearing/Adjustment!

How to Choose a Course & University and UCAS Workshop

with Fairview International School KL

We will be hosting a webinar info session to help students at Fairview International School navigate how to choose a course and university and run them through their UCAS applications.

During this webinar, we will be providing information on what key factors to consider when it comes to choosing a course and university. Our aim is to empower them to make informed decisions about life and education opportunity.

If you would like to host a similar workshop for your students, get in touch with Joyce today!
